Day 4: 11 August 2022- Kakadu National Park

This morning we depart Darwin and travel through pristine wetland regions to Kakadu National Park. First stop Fogg Dam Conservation Reserve. These wetlands have international significance because of their beauty and natural ecosystems. A great variety of fauna can be found here throughout the year as well as a large variety of bird life. Boardwalks take you through the different landscapes to observation platforms to view the large number of resident wading birds. From here we stop at the Famous Humpty Doo for lunch (own expense) - perhaps try their famous Trio Burger with Barra, Buffalo and Croc Burgers with fresh salad and chips. Next we travel to the stunning Ubirr and view Aboriginal rock art dating back some 20,000 years. Take the short climb to lookout from the top of this rocky outcrop for superb views over the flood plains and escarpment country.

Day 4: continued

Tonight we enjoy Cooina Lodge Kakadu - located beneath a canopy of trees beside Yellow Water Billabong, where crocodiles and birds are seen on the flood plain. The lodge is nestled amongst the Paperbark, Pandanus and Fresh Water Mangroves which creates an oasis style atmosphere.

Day 5: 12 August 2022 - Kakadu National Park

We start our morning on a Yellow Waters Wetlands cruise. Yellow Waters billabong is located at the end of Jim Jim Creek, a tributary of the South Alligator River. This is the largest river system in Kakadu and contains extensive wetlands, including river channels, floodplains and backwater swamps. About one third of Australia's bird species are represented in Kakadu National Park, with at least 60 species found in these wetlands. There are also plenty of crocodiles in their natural habitat, and buffalo on the floodplains. After our cruise we visit the Warradjan Cultural Centre before continuing onto the ancient Aboriginal artwork at Nourlangie. Here you'll find some of the world's oldest and most impressive rock art, and spectacular views of the Arnhem Land escarpment. Nourlangie is one reason why Kakadu is World Heritage-listed for outstanding cultural values. This famous site, with its stunning rock paintings, documents life in the region from 20,000 years ago to the first contact with European explorers. This 1.5 km walk invites you to take a visual journey through time to an outdoor cultural museum where paintings, shelters and artifacts present traditional ways of life from numerous epochs. Later this afternoon we arrive at the Mercure Kakadu Crocodile Hotel where we will stay for two nights.
